

Cirro Change Your Plan Terms and Conditions

These terms and conditions (the “Terms and Conditions”) govern the Cirro Change Your Plan program (the “Program”). The Program is available to Cirro’s residential retail electricity customers who are enrolled in a qualifying electricity plan (“Qualifying Plan”) and allows a one-time opportunity to switch to a different qualifying retail electricity plan option from Cirro (“Alternative Plan”) within 90 days following enrollment in the Qualifying Plan without incurring an early termination fee. By participating in the Program, you agree to these Terms and Conditions.

Qualifying Customers

To participate in the Program, you must be a Cirro residential electricity customer on a Qualifying Plan and not have previously changed your electricity plan pursuant to the Program. Program participation is limited to one time only. You must change your plan within the first 90 days of the contract term of your Qualifying Plan.

Qualifying Plans

Customers on 12 month and greater term lengths are eligible to participate in the program. Upon switching to your new plan, any unused incentive(s) associated with your original plan would be void.

Alternative Plans

Please contact Cirro for information related to Alternative Plans. Alternative Plan options do not include month-to-month plans or plans offered by other retail electricity providers. Not all Cirro retail electricity plans will qualify as Alternative Plan options, and Alternative Plan options are subject to change. Your new plan term will take effect after you complete enrollment in the Alternative Plan.

Timing

You may only participate in the Program once as a Cirro customer, after which any change in plans will be subject to applicable early termination fees. You must exercise the option to change your plan within the first 90 days of the contract term of your Qualifying Plan; any change of plans following the 90th day will be subject to an early termination fee, if applicable.
